# THE POWER TO CONTROL

EXZEN Motorized Screen is an electric projection screen that can be operated in 3 different ways depending on your needs.

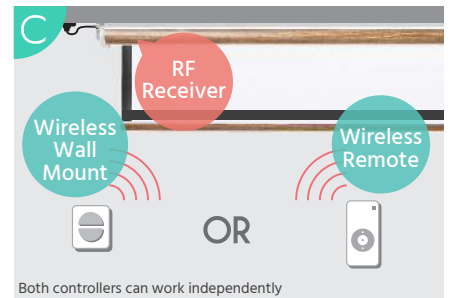

**Wall-Mount Switch**  
Default Wired Wall-Mount(Fixed)  
**Hand-held Remote**  
N/A  
**RF Receiver**  
N/A

The Wireless Hand-held Remote requires the Wired Wall-Mount Switch to work

**Wall-Mount Switch**  
Wired Wall-Mount 2 (Fixed)  
**Hand-held Remote**  
Wireless Hand-held  
**RF Receiver**  
In Wall-Mount Switch

Both controllers can work independently

**Wall-Mount Switch**  
Wireless Wall Mount (Fixed)  
**Hand-held Remote**  
Wireless Hand-held  
**RF Receiver**  
In Projector Screen's casing

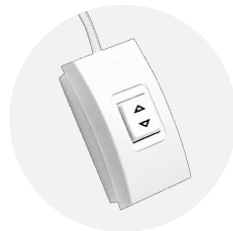

## THE EXZEN CONTROLLER

EXZEN Motorized Screen comes with various Remote Controllers for you to choose from. There are various environments that you want to use a projector screen in, however the limitations of common remote controllers are unable to cater to all of them.

EXZEN's Remote Controllers can cater to many different kinds of environments, whether big or small, depending on your needs.

**Wireless 3**  
(Picture B, C)  
Controls **15** channels

## A QUIETER MOTOR

Who would want to endure the constantly loud buzzing of the motor as you stand and wait for the screen to unroll? Unlike the conventional motorized screens, EXZEN has made their Motorized Screen professionally much quieter by more than 30%.
